

MESSAGE FROM MISVS

This is a notice of an error in the July issue of Military Intelligence Service Veterans Newsletter.

In the "Memoriam" section, we erroneously listed the name of Mr. Hiroyuki Ito. Mr. Ito is alive and well, and understandably very annoyed and frustrated. We wish to express our deepest apologies to Mr. Ito and his family for our huge error. We also wish to express our apologies to our readers and the general community for our error. To members of MIS Veterans Society, I wish to express my deepest apologies for causing such an embarrassing situation. We pledge to be more careful in the future to prevent such errors from happening again. As editor, I take full responsibility and ask for everyone's forgiveness.

Sincerely,

Shinye Gima
President
